

# Soap Bubble Recipe

Bubble solution is easy to make. You may also purchase premade bubble solution.

- 1 clean bucket
- 1 cup *Joy* or *Dawn* dishwashing detergent
- 3-4 tablespoons glycerin (Glycerin is optional and can be purchased at most pharmacies, but you can make very good bubbles without it.)
- 10 cups clean cold water

## Directions

- ① Measure 10 cups of water into the bucket.
- ② Add 1 cup of *Joy* or *Dawn* to the water.
- ③ Add the glycerin.
- ④ Stir, but not too much. You don't want froth.
