Applications for Artist-in-Residence Program are Open at Children's Discovery Museum of San Jose

Year two builds on successful first year

San Jose, CA – April 20, 2023 – Local artists can help spark the next generation of creatives by joining the team at Children's Discovery Museum of San Jose. Applications for the museum's artist-in-residence program are now open through May 22. Artists will be inspired to use their imagination and talent to help youngsters draw, paint, sculpt, and create in a 12-week artist-in-residence program in the museum's LeRoy Neiman Art Studio. The fall residency begins October 7 and is followed by a winter, spring, and summer session. Each artist will receive a \$1,500 monthly stipend.

Artists will be tasked with creating and facilitating monthly hands-on art programs for children of all ages on the weekends. The artists will have the opportunity to display their own artwork and share their style and creative process with Bay Area families. Each artist will receive a portfolio of their museum work in photos and video to take with them after their residency is complete.

Four new artists will be selected for the second year of this expanded program that was first launched in the fall of 2022.

First year residents

Spring 2023 artist-in resident: [Alexis Javellana Hill](#)

Winter 2023 artist-in-resident: [Muneeba Zeeshan](#)
